## Pre-Possession—Early Membership Access

### About

For homeowners who wish to gain early access to JLHOA amenities while their property is still being built or finalized, purchasers have the option to buy Monthly Pre-Possession Access. This provides early use of Jensen Lakes Homeowners Association owned facilities and amenities once conditions have been removed from the purchase of their new home.

With a Pre-Possession Membership, members gain access to the Jensen Lakes HOA lake, facilities, and amenities. They are also eligible for resident rates on facility rentals, programs, and events. Membership Passes are valid for all members of the household for one month from the purchase date and may be renewed on a month-to-month basis as needed until possession of the property.

Pre-Possession Memberships are valid for the term purchased or until the member takes possession of their home, whichever occurs first. When possession takes place, the resident is responsible for contacting the JLHOA to become official members, at which time physical membership cards will be issued to household members aged 12 and older.

### Conditions

***Passes are non-refundable.***

*Proof of home purchase in Jensen Lakes, with all conditions removed, is required to obtain a Membership Pass. This confirms the purchase is firm and no longer subject to conditions such as financing or inspection. Members must agree to the rules and regulations of the Jensen Lakes HOA while using the facilities and amenities, and all applicable waivers must be signed prior to accessing amenities. Violation of any rules will result in the Membership Pass being revoked.*

### Enrollment Process for Property Owners

To obtain your Pre-Possession Membership Access, please email [info@coremanagement.ca](mailto:info@coremanagement.ca) with proof of home purchase to get you started.

You will also be required to submit a completed JLHOA Membership Form which can be found at: [www.jensenlakeshoa.ca/](http://www.jensenlakeshoa.ca/)

**Important Note:** It is the responsibility of the Property Owner to inform the JLHOA and Core Management of the possession date or any changes to the property. Owners are also responsible for the pro-rated HOA fees from the date of possession to the end of the year, and these fees must be paid before full membership will take effect.
